ALL ABOUT THE WORLD FAMOUS LAKE GEORGE WINTER CARNIVAL OUTHOUSE RACES

Forget the bobsled. Ignore the luge. Every February in Lake George, the only competitive vehicle that truly matters is the commode on runners. For over four decades, the annual Outhouse Races have been the outrageous centerpiece of the Winter Carnival, demanding speed, coordination, and a distinct lack of shame from its competitors.

What began as a local tradition in 1983 has exploded into a high-stakes, high-speed spectacle where teams vie for a \$2,000 cash prize, ultimate bragging rights, and the singular honor of having their name etched into the legendary Toilet Seat of Champions. This is where engineering meets hilarity, and the fastest way to win is often the most absurd.

The Prize: \$2,000 Cash and Glory

Winners walk away with a share of the \$2,000 prize pool available each race weekend, along with the ultimate recognition: their team name is added to the legendary Toilet Seat of Champions!

MAKING WEIGHT: THE 250 LB MINIMUM

Sandbags Save the Day

The combined weight of the Outhouse and its seated Rider must total at least 250 pounds.

If a team comes in light at the pre-race weigh-in, they must add sandbags inside the structure to meet the requirement.

These sandbags must remain secure until the sled fully crosses the finish line, adding another level of complexity to the race!

The History of the Outhouse Races

The tradition of transforming portable restrooms into racing sleds began in February 1983. While the exact spark that ignited the idea is lost to history, the result was a fully organized event that quickly moved from local parking lots onto the frozen expanse of Lake George by the early 90s, where speed, strategy, and engineering took off.

Bringing in Snow for Safety When ice conditions aren't safe, the event is never canceled. Instead, volunteers haul truckloads of snow into Battlefield Park to create temporary, safer race lanes, keeping the competitive spirit alive.

Dynasties, Upsets, and Legends No history of the Outhouse Races is complete without talking about its most legendary teams:

- **Hike With Jackson:** This powerhouse team dominated the early 2000s, winning five championships and setting a seemingly untouchable standard for speed and coordination.
- **The High School Teachers' Historic Victory:** One of the most memorable upsets came when a team of Lake George High School teachers entered the race –and shocked everyone by finally defeating the five-time champions, Hike With Jackson.

The Most Impressive Build Ever: The R2-D2 Year Setting a new bar for creativity, local fabrication company Adirondack Scenic arrived one year with a massive, screen-accurate R2-D2 replica outhouse. The team, dressed as Stormtroopers, marched their giant droid to the starting line. While it didn't race very fast, spectators still talk about it as the most ambitious and most unforgettable outhouse build ever seen.

February's Feast:

Over Ten Years of Cook-Off Kings and Queens!

If there is one thing that can get a crowd to stand on a frozen lake in the middle of winter, it's the promise of the best chili, wings, and chowder in the Adirondacks. For over 64 years, the Lake George Winter Carnival has been a showcase for our local culinary talent, and the competition is as fierce as a North Wind on the lake!

The Heavyweights of the Heat

Looking back through our records, names like **TR's at the Holiday Inn** have built virtual dynasties, including an incredible **"Triple Crown"** sweep in 2020. **The Fort William Henry, Mario's, and The Log Jam** have also been staples of the winner's circle for years, proving that tradition and taste go hand-in-hand here in Lake George.

Carnival Legends: "The Great Wing Comeback"

Every year has its drama, but one of our favorite stories involves **The Lagoon**. During one of our wing competitions, the clock was ticking and their station was empty! They arrived nearly an hour late, scrambling to load in while other teams were already mid-service. Incredibly, they didn't just catch up—they took the village by storm. The quality was so undeniable that the people's vote vaulted them to a **1st Place win**. It's that kind of passion—the same passion that saw the teams from **Blue 32 and The Lagoon** eventually join forces—that keeps our food scene so vibrant.

Community Spotlight: Giving Back

The Carnival is about neighbors helping neighbors. A perfect example is the **Adirondack Pub & Brewery**. While they are fierce competitors in the Chili and Wing weeks, they take a different approach during Chowder week. Instead of competing, they generously donate a massive batch of their fan-favorite Buffalo Chicken Soup to **Chesyca's Vision**. It's a beautiful example of the generosity that defines our village.

Honoring Our "Legacy Legends"

As we celebrate our 64th year, we want to pause and salute the "Legacy Legends"—the champions who are no longer with us but remain a permanent part of our "Hall of Flame."

We remember the smoky perfection of **Backstreet BBQ**, the lakeside vibes of **King Neptune's**, and the elegant flavors of **The View at Dunham's Bay**.

We honor the memories made at **Rainforest Cafe, 10 McGillis, Outback Steakhouse, East Cove, Buck's Tavern, The Forum Cafe, and The Blue Moose**. Even **Shepard's Cove**, which many now know as the **Lake George Beach Club**, paved the way for the champions of today.

These businesses were more than just restaurants; they were the heart of our February weekends.

We honor the chefs and owners who braved the cold year after year.

Their place in Winter Carnival history is forever secure.

Empowering the
Next Generation

**SCAN HERE
FOR INFO &
EVENTS**

Chesyca's Vision was born in January 2022 when a young, passionate 11-year-old presented her groundbreaking idea to the Lake George Winter Carnival Committee. Her vision is to level the playing field for young athletes or those wishing to partake in extra curricular activities by providing financial support to help them overcome barriers to participation.

Why Chesyca's Vision?

Many talented young students face significant financial hurdles, limiting their ability to pursue their dreams. From league fees and equipment costs to travel expenses and instrument rental fees, these costs can be overwhelming for families.

How Chesyca's Vision Works:

Direct Financial Assistance: We provide grants to young students in need to cover essential expenses for extracurricular activities.

Fundraising Platform: We empower students, athletes and teams to raise funds for themselves, with a portion of the proceeds benefiting Chesyca's Vision.

Community Engagement: We foster a culture of giving back by encouraging youth to volunteer and support their community.

Join us in empowering the next generation! Your support will help us make a difference in the lives of young people.

A Tribute to the Adirondac Rising from the Embers: A Message of Resilience

For over 64 years, the Lake George Winter Carnival has been a celebration of our community's spirit. This year, our hearts are focused on a beloved fixture of our waterfront: the Adirondac.

For more than 20 years, the Adirondac has been a silhouette of elegance on Lake George and a true piece of our village tradition. While she was famous for her summer sunsets, we at the Winter Carnival held a special place for her "Santa Cruises" in December. Even after the boat was winterized for the season, the spirit of the Adirondac lived on through the children's activities hosted inside the restaurant—a testament to the commitment the crew has always shown to our local families.

A Community Stands Together

On the morning of December 8th, our community faced a somber sight as smoke rose from the village docks. We want to extend our deepest gratitude to the Lake George Volunteer Fire Department and the six neighboring departments who battled freezing winds to save the hull. Their bravery ensured that while the upper decks were lost, the heart of the ship remained.

The Winter Carnival Committee stands in steadfast support of Lake George Waterfront Cruises as they embark on the determined journey to bring this iconic ship back—stronger and more beautiful than ever.

The Voyage Ahead: 2026 and Beyond

True to the spirit of Lake George, the story doesn't end here. As we celebrate this year's Carnival, we look toward the docks with anticipation for the ship's return. This isn't just a construction project; it's a commitment to our shared waterfront history.

Plans are already in motion for her return:

The Reintroduction (2026): Re-entering the lake as a beautifully designed two-deck ship.

The Full Vision (2027): Reclaiming her iconic three-deck presence on Lake George for generations to come.

Be Part of the Legacy

We invite our Carnival family—locals and visitors alike—to be part of this rebuilding journey.

Follow the Progress: Scan the code below to see updates and photos as the Adirondac rises again.

Join the Circle: Support the restoration by joining the Adirondac Legacy Circle.

"Throughout the rebuilding process, you'll be able to watch this iconic boat rise again and be a part of Lake George History."

Our Community of Heroes

The Winter Carnival salutes the brave responders who saved a piece of our history:

Fire Departments: Lake George (Lead Agency), Bay Ridge, North Queensbury, Bolton, Warrensburg, Greenfield, and Glens Falls. **Support Services:** Lake George & Queensbury EMS, Warren County Sheriff's Office, the DEC Spill Response team, and the Warren County Fire Coordinator's Office.

Our sincere thank you to our supports at the
